1)As a user, I want to read other people's review, so that I can have an overview of the place that I want to visit.

2)As a user seeking for a group, I want to see if I share interests with other people,so that I can contact them and travel with them.

3) As a renter, I want to be able to chat with travelers,so that I can make a deal with them an agreement for the rental of my house.
